# FREELANDER

ACCESSORIES

# NEW

The New 2004 Freelander, is the product of continuous development and improvement programmes. New front and rear bumpers, lamp configurations plus a revised interior all demand new accessories, and that's exactly what they get, re-thought and re-designed to the same highly developed level as the vehicle itself. Nothing else would be good enough. All accessories must undergo the same stringent testing and quality control as the vehicle to which they are fitted. So you know that when you buy a Land Rover Accessory you are not compromising on safety or performance.

## LIFESTYLES

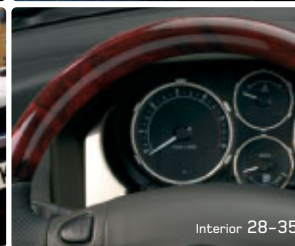

At Land Rover, freedom of choice is everything, but sometimes so much choice can make your final decision difficult. To try to help you choose the range of accessories most suitable to your requirements we have illustrated four areas of leisure activity (See pages 2-5). The products highlighted within each section are based on our experience of Freelander owners lifestyles.

They are by no means definitive, after all it's your vehicle and your personality.

## RECOMMENDED ACCESSORIES

To assist you in your purchase we have selected a small number of Freelander Accessories which we recommend for their particular style or function and highlighted them as they occur in this brochure.

### RECOMMENDED ACCESSORY

# LIFESTYLES

## WINTER SPORTS

- Front lamp guards
- Front and rear mud flaps
- BBS Two-piece 17" alloy wheels
- Stainless steel side protection runners
- Black body side mouldings
- 5 door roof rail system and crossbars
- Ski carrier with slide rail
- Door wind deflectors

## SUMMER ADVENTURE

- Stainless steel side protection tubes
- BBS Vortex 17" alloy wheels
- 3 door roof rail system and crossbars
- Sailboard carrier
- Rear lamp guards
- Moulded spare wheel cover
- Body coloured side mouldings
- Front and rear mud flaps

# LIFESTYLES

## FAMILY TOURING

- A-Frame protection bar
- Driving lamp kit
- Black body side mouldings
- Triple Sport 17" alloy wheels
- Stainless steel side protection runners
- 5 door roof rail system and crossbars
- Luggage box
- Door wind deflectors

## URBAN

- A-Frame protection bar
- 5-door body styling kit
- BBS Vortex 17" alloy wheels

# WHEELS

## RECOMMENDED ACCESSORY

### BBS TWO-PIECE – 17" Alloy Wheel

Wheel only, RRC501850MNH.  
Approved tyres:-  
Pirelli Scorpion S/T - 225/55 R17 97H  
Michelin Synchrone - 225/55 R17 97H  
Goodyear Wrangler F1 - 225/55 R17 97V

### BBS VORTEX – 17" Alloy Wheel

Wheel and tyre (Pirelli), STC50426AA  
Wheel only, STC50398  
Approved tyres:-  
Pirelli Scorpion S/T - 225/55 R17 97H  
Michelin Synchrone - 225/55 R17 97H  
Goodyear Wrangler F1 - 225/55 R17 97V

### EVOLUTION – 17" Alloy Wheel

Wheel only, RRC002080MNH  
Approved tyres:-  
Pirelli Scorpion S/T - 225/55 R17 97H  
Michelin Synchrone - 225/55 R17 97H  
Goodyear Wrangler F1 - 225/55 R17 97V

### TRIPLE SPORT – 16" Alloy Wheel

Wheel only, RRC11480MNH  
Approved tyres:-  
Pirelli Scorpion S/T - 215/65 R16 98T  
Michelin Synchrone - 215/65 R16 98H  
Goodyear Wrangler HP - 215/65 R16 98H

### SPORT 9 SPOKE – 18" Alloy Wheel

Wheel only, RRC502080MNH  
Approved tyre:-  
Continental 4x4 Contact 235/50 R18 101H

### TREK – 17" Alloy Wheel

Wheel only, RRC002070MNH  
Approved tyres:-  
Pirelli Scorpion S/T - 225/55 R17 97H  
Michelin Synchrone - 225/55 R17 97H  
Goodyear Wrangler F1 - 225/55 R17 97V

### FREEDOM 6 SPOKE – 17" Alloy Wheel

Wheel only, RRC114810MNH  
Approved tyres:-  
Pirelli Scorpion S/T - 225/55 R17 97H  
Michelin Synchrone - 225/55 R17 97H  
Goodyear Wrangler F1 - 225/55 R17 97V

### ACTIVE – 16" Alloy Wheel

Wheel only, RRC002060MNH  
Approved tyres:-  
Pirelli Scorpion S/T - 215/65 R16 98T  
Michelin Synchrone - 215/65 R16 98H  
Goodyear Wrangler HP - 215/65 R16 98H

# WHEELS

## FREEDOM 5 SPOKE – 16" Alloy Wheel

Wheel only, RRC114780MNH  
Approved tyres:-  
Pirelli Scorpion S/T – 215/65 R16 98T  
Michelin Synchronie – 215/65 R16 98H  
Goodyear Wrangler HP – 215/65 R16 98H

## ADVENTURE 6 SPOKE – 15" Alloy Wheel

Wheel only, RRC114770MNH  
Approved tyres:-  
Pirelli Scorpion S/T – 195/80 R15 96T  
Michelin XPC – 195/80 R15 96H  
Michelin Synchronie – 195/80 R15 96H  
Goodyear Wrangler HP – 195/80 R15 96H

## ALLOY WHEEL CENTRE CAP – POLISHED FINISH

RRJ100140MUZ (not shown)

RECOMMENDED ACCESSORY

## LOCKABLE STAINLESS STEEL SPARE WHEEL COVER

195 x 15" wheel STC50275  
215 x 16" wheel STC50276  
225 x 17" wheel STC50286

## ALLOY WHEEL NUT KIT

STC7987  
Required for all upgrades from steel to alloy wheels and includes a full set of locking and plain wheel nuts.

## SPARE WHEEL SPACERS

WC112081L (not shown)  
3 per vehicle are required for all upgrades to 17" or 18" alloy wheels.

## MOULDED SPARE WHEEL COVER

195 x 15" wheel STC7980  
215 x 16" wheel STC7982  
225 x 17" wheel STC7984

## VINYL SPARE WHEEL COVER

195 x 15" wheel STC7981AA  
215 x 16" wheel STC7983AA  
225 x 17" wheel STC7985AA  
235 x 18" wheel STC7985AA

## FRONT MUDFLAPS

STC53075AA

## REAR MUDFLAPS

CAT500060PMA

## SNOW TRACTION SYSTEM

STC50283  
Easy to fit  
For front wheels only  
215 x 16" & 225 x 17"

## SNOW CHAINS

STC7905  
Quick fitting  
High strength galvanised steel  
For front wheels only  
195 x 15"

# EXTERIOR STYLING

## BODY STYLING KIT, 3-DOOR

VUB501410

Stylish and sporty design. Supplied in primer for painting body colour. Recommended dealer fit only.

## BODY STYLING KIT, 5-DOOR

VUB501420

Stylish design. Supplied in primer for painting body colour. Recommended dealer fit only.

# EXTERIOR STYLING

## RECOMMENDED ACCESSORY

Stainless steel side protection tubes

Black steel side protection tubes

### SIDE PROTECTION TUBES

Stainless steel STC7943AA

Black nylon coated steel STC7945AA

These tubes enhance Freelander's styling whilst protecting the sills from minor knocks and scrapes.

Body protection kit, 5-door, shown with Aluminium Side Steps

### BODY PROTECTION KIT, 5-DOOR

STC53070

Supplied in black to match the external trim colour

Body Side mouldings, black

Body Side mouldings, painted in body colour

### BODY SIDE MOULDINGS

Available in black to complement all colours or primed ready for painting to match the body colour.

Black, 3-door STC7912

Black, 5-door STC7913

Primer, 3-door STC7912LML

Primer, 5-door STC7913LML

## EC VERSION

### RECOMMENDED ACCESSORY

Stainless steel

Black nylon coated steel

Aluminium side steps

### A-FRAME PROTECTION BAR

VUB501330

Soft-foam polyurethane in Technical Silver finish.

### SIDE PROTECTION RUNNERS

Stainless steel STC53078

Black nylon coated steel STC53077

These runners also aid access into and out of your Freelander.

*This product can only be fitted in conjunction with front mud flaps STC53075AA (not included)*

### ALUMINIUM SIDE STEPS

STC7940

*Cannot be fitted with 5-door body styling kit*

### RECOMMENDED ACCESSORY

### LAMP GUARDS

Front pair VUB501390

Rear set of four VUB501400

Provide protection from minor impacts.

### HOW TO CHOOSE YOUR LIGHTING

Two types of auxiliary lighting are available for your Freelander. Fog lamps provide improved visibility in poor weather conditions. Driving lamps only operate when the headlamp main beam is on.

### RECOMMENDED ACCESSORY

Driving lamp kit

Rear bumper Park Distance Control System

### AUXILIARY LIGHTING

Driving lamp kit VUB500870

or

Fog lamp kit VUB500960

(applicable to vehicles not fitted with fog lamps as original equipment).

Both fog and driving lamps come housed in the exclusive new pod design.

### PARK DISTANCE CONTROL SYSTEM

Uses ultrasonic sensors mounted in the rear or front bumper to detect potential obstructions behind or forward of the vehicle.

**NOTE:** This system is an aid to parking at low speeds only.

Rear Kit VUB502420

Front Kit VUB502780 (not shown)

# 3 DOOR EXTERIOR STYLING

Softback - roof down

Softback - roof up

## SOFTBACK

STC7993AC

Easily and quickly transforms your Freelander to take advantage of fine weather or increase its carrying capability.

## REMOVEABLE GLASS ROOF PANELS

STC7991

To replace the black composite roof panels featured in 3-door Freelanders.

For commercial vehicles, a storage bag [EFE100090] can be purchased separately.

Hardback - in place

Hardback - removed

## HARDBACK

STC7992

Fully removable and interchangeable with the folding softback and shower protection cover, this hardback kit provides improved insulation and refinement for the winter months.

Compatible with 3-door roof rails.

## SHOWER PROTECTION COVER

VUK500020

For 3-door hardback Freelanders offering emergency weather protection when the hardback has been removed.

# CARRYING AND TOWING

## SKI RACK

CAN500030

Designed to carry 4 pairs of skis or 2 snowboards, it incorporates a push button opening and slide out feature to enable easy access and loading. Fits 3 or 5-door roof rail and crossbar systems.

## SAILBOARD CARRIER

STC8435

Designed to carry 1 sailboard and 2 masts or 1 surfboard, all held in place by quick release straps.

Quick release ratchet strap for masts

# CARRYING AND TOWING

## RECOMMENDED ACCESSORY

### LUGGAGE BOX

CAK000020

Dual side opening and lightweight acrylic construction.

Capacity is 450 litres and dimensions are L 160cm x W 95.6cm x H 39cm.

Supplied with integrated lock and keys.

Maximum load 52kg.

### SPORTS BOX

CAK000030

With easy access side opening, the sports box is ideal for skis and accommodating other long loads.

Capacity is 400 litres and dimensions are L 230cm x W 62cm x H 39cm.

Supplied with integrated lock and keys.

Maximum load 53kg.

Roof Mounted Bike Carrier

### ROOF MOUNTED BIKE CARRIER

VTG500050

This lockable bike carrier is designed for a single bike and will fit both 3 and 5-door roof rail and crossbar systems. May be fitted for right or left side loading, so 2 carriers can be fitted if required.

## RECOMMENDED ACCESSORY

Tow bar mounted bike carrier

### TOW BAR MOUNTED BIKE CARRIER

STC7929

Designed to fit with fixed height tow bar (VUB501490). The carrier takes two bikes and is padded to protect against damage. A trailer may be towed while the bike carrier is in use. Supplied with bike tie-downs.

Bike carrier shown with padding to prevent damage to both vehicle and bikes

Bike carrier fits to fixed height tow bar and is lockable with the use of a padlock (not supplied)

Lighting board

### LIGHTING BOARD

STC8153

Comes complete with 4 metre extension cable and elasticated attachment straps (number plate not included). Compatible only with 'N' type electrics.

# CARRYING AND TOWING

*The cross bars incorporate an easy to use one touch fixing with integrated locks and can be positioned at any point on the roof rail for added flexibility.*

## EXPEDITION ROOF RACK

STC50433

The Expedition Roof Rack can be fitted to either 3 or 5-door roof rail systems using a clamp kit available separately [CAP500030]. Load capacity - 54kg.

## LUGGAGE CARRIER

STC50169

Can be used either as a luggage tray or inverted to create a flat surface for longer loads. Fits 3 or 5-door roof rail and crossbar systems. Load capacity - 63kg.

## TIE STRAP

CAR10003L

Designed for securing items onto roof racks. 20mm wide - 5 metres long.

## 3 & 5-DOOR ROOF RAIL SYSTEM AND CROSSBARS

These carrying systems comprise roof rails and removable crossbars.

The roof rails, once fitted, are permanently left on the vehicle, simply fit the crossbars to them when you need to carry any extra loads. When not in use the crossbars may be kept in the storage bag supplied.

The 3-door system can be fitted to both soft and hardback vehicles.

Vehicle and roof rail system height - 1808mm.  
Roof load capacity - 69kg.

3-door roof rail system and crossbars STC7931

5-door roof rail system and crossbars STC7932

Crossbars for vehicles with factory fit roof rails CAC100162

# CARRYING AND TOWING

**SWAN NECK TOW BAR**  
STC7998

A fixed position tow bar supplied with 'N' type electrics for trailer road lighting. Includes tow ball cover, grease and gloves.

**QUICK RELEASE TOW BAR**  
VUB501500

The tow bar can be easily removed without tools when not required. Supplied with 'N' type electrics, tow bar stowage bag, tow ball cover, grease and gloves.

**FIXED HEIGHT TOW BAR**  
VUB501490

This tow bar, with bolt-on tow ball, allows the use of most caravan stabilisers. Supplied with 'N' type electrics, 50mm tow ball, cover, grease and gloves.

Compatible with Tow Bar Mounted Bike Carrier (STC7929).

## HOW TO CHOOSE YOUR TOWING ELECTRICS

All tow bars come complete with 'N' type electrics for supplying power to the trailer lighting. The kit powers the rear/brake lamps, direction indicators and rear fog lamp(s). It will also fully power the Lighting Board (STC8153).

If you require further power for your trailer or caravan, 'S' type or 13 Pin electrics can be selected, depending upon the socket type of your trailer. Details of these electrics kits follow.

For further assistance speak to your Land Rover dealer.

## 13 PIN ELECTRICS

YWJ500070

European style towing electrics kit capable of supplying all trailer/caravan rear lighting and interior equipment power, including fridge feed and battery charging.

'S' Type Electrics

**BUMPER PROTECTION BRACKET**

STC7904AA

Provides protection for vehicle bumper from caravan or trailer damage. Only fits with fixed height tow bar VUB501490.

## 'S' TYPE ELECTRICS

For use when additional power is required in a caravan or horse box with interior lighting.

'S' Type Electrics with split charge system, pre-1999 caravans STC50459. To power refrigerator, battery charging, interior and reversing lights. The split charge system protects the vehicle battery from accidental drainage.

'S' Type Electrics for 1999 caravans onwards STC50460. Powers all caravan electrics, this kit should only be used for caravans built from 1999 onwards when the control of power distribution was incorporated into caravan systems.

# INTERIOR

**FACIA ENHANCEMENT KIT - BURR WALNUT WOOD FINISH**

VUB501010

Comprises centre console panel, air vent surrounds and glove box facia trim panel.

**FACIA ENHANCEMENT KIT - CHAMPAGNE FINISH**

VUB501030

High-tech look. Comprises centre console panel, air vent surrounds and glove box facia trim panel.

# INTERIOR

## SATELLITE NAVIGATION ADDITIONAL LOCATION MAP DISC

YIW500140

For vehicles equipped with satellite navigation system - updates available on one CD covering UK and most of mainland Europe.

## NavTrak ADR

Stolen vehicle tracking system using GPS (Global Positioning System)

Annual subscription required. Only available in certain European markets. Please speak to your Land Rover dealer for more information.

## WOOD TRIM GEAR KNOB

STC50457

Manual transmission only.

## WOOD TRIM HANDBRAKE GRIP

STC50431

Not shown.

## WOOD TRIM STEERING WHEELS

Burr Walnut and black leather finish.

Note: Fitting should only be undertaken by a Land Rover dealer, due to the driver's side airbag system.

No controls STC50451AA

Radio controls STC53133AA

Cruise control STC53134AA

Radio & Cruise control STC53135AA

## CENTRE CONSOLE ARMREST

FJT500010PUY

Replaces the existing cubby box lid to form a comfortable raised armrest and opens to allow access to the cubby box.

Available in black only.

## HANDS-FREE TELEPHONE KIT

Base Kit VUB500990

Installation Kit VUB500980

Integrated system, utilising a discrete microphone and the vehicle's front door speakers.

A variety of cradles are available to support the best-selling mobile phones.

Please speak to your Land Rover dealer for more information.

Timer

Remote control handset

Engine and Cabin Pre-Heater JEC500320

Silencer Kit JEY500010

Timer Kit IRK500020

Remote Control Handset IRK500010

## ENGINE AND CABIN PRE-HEATER (TD4 ONLY)

Mounted in the engine compartment, this system uses the diesel from the fuel tank to warm both the engine and cabin before you even leave the house.

The Heater can be controlled with either a timer or remote control handset and will also switch on the interior fan heater according to your previously selected temperature and speed.

Note: This product does not turn the vehicle ignition on, so the air-conditioning cannot be used until you start the engine. Vehicles

already fitted with a supplementary diesel fuel burning heater (that only operates when the engine is running) may be upgraded using the Silencer kit and the Timer kit or the Remote Control Handset.

This system requires the Engine and Cabin Pre-Heater, Silencer kit and Timer kit or Remote Control Handset, all of which may be purchased separately.

*NB: We recommend that you do not use the Engine and Cabin Pre-Heater in an enclosed space, such as a garage, due to the exhaust fumes emitted.*

Ask your Land Rover dealer for more details.

# INTERIOR

## LOADSPACE PROTECTORS

Supplied with a non-slip mat which can be trimmed to suit your requirements. Available in full length, with the rear seats folded, or half length to cover the normal loadspace area.

Half length (shown) STC7935

Full length STC7937

Full length - Commercial only STC50418

Envelope luggage net

Side luggage net

Side nets, pair, 5-door STC7955

Side nets, pair, 3-door STC7956

Envelope net, 5-door STC7952

Envelope net, 3-door STC7953

## LOAD RETENTION SYSTEM

STC7954 (Not shown)

Features two straps and a strong woven net to secure contents to the loadspace floor.

Glass roof panel sunblind kit

Sunglasses holder

## GLASS ROOF PANEL SUNBLIND KIT

STC7948

Uses a single integrated sunblind cartridge.

## SUNGLASSES HOLDER

STC50086

Suitable for 5 door models only, fits onto headlining above either front door.

## DOG GUARD

STC7939AB

A strong grey mesh dog guard that fits between loadspace floor and roof, providing a barrier for dogs of all sizes. Quick and easy to remove when not required.

## REAR WINDOW GUARD

STC53047

A strong grey mesh guard that fits on to the rear door. Enables pets to be kept safely in the loadspace with the rear door window fully open whilst driving, and also when parked, providing that only the perimeter alarm is activated.

# TOURING

#### WINTER FRONT WIPER BLADES

VUB500900

The wiper frame is encased in rubber to prevent snow from collecting between the frame and blade.

#### COSY-TOT CHILD SEAT

EVY000102

Rear facing infant carrier suitable from birth to 13kg (approx. 9-12 months). Deep side wings offer improved side impact protection. Sun/wind canopy included.

#### DUO PLUS

VTNS00020

Forward facing child seat suitable for children 9-18kg (approx. 9 months to 4 years). 5-point harness with adjustable fit system. Offers capability for Isofix compatible vehicles.

#### KID BOOSTER SEAT

EVY000101

Height adjustable two-part seat, suitable for children 15-34kg (approx. 4-11 years). Offers improved side impact protection and ensures seatbelt is positioned correctly.

#### DOOR WIND DEFLECTORS

Reduces turbulence and airflow into your Freelander when driving with the windows open.

3-door STC7921  
5-door STC7922

#### ACCESSORY AUXILIARY SOCKET

STCS0469PUY

Fits in the left hand side of the loadspace and can be used for electrical accessories such as the Electric cool bag.

#### REFRIGERATOR/FREEZER

STC8519AB

This portable fridge is also controllable down to -15°C for frozen food. Fits the auxiliary socket using a 12 volt power lead.

#### ELECTRIC COOL BAG

VUP100140L

This thermo-electric, 14 litre capacity, cool bag fits the auxiliary socket using a 12 volt power lead.

## Land Rover Accessories - Testing and Safety

As with the vehicles themselves, Land Rover Accessories must undergo stringent quality and performance testing, after all they are part of the vehicle. Every Accessory must perform everywhere and, wherever possible, they are attached to and tested with the vehicle during its development and test cycle.

The Combined Road Environment Simulation Test takes place in a climate controlled chamber which produces temperatures from -40°C up to +50°C, 50% humidity and simulated intense sunlight. In addition, a computer controlled hydraulic system can simulate any driving condition from smooth motorway to extreme off-road. The vehicle and accessories spend 10 days in the chamber after which they have covered the equivalent of 15,000 miles in the toughest conditions possible.

Heavy duty accessories such as tow bars are subjected to rig testing where up to 2 million load cycles are replicated to ensure the inherent strength of a design. The plastics and fabrics used in our accessories must be ultraviolet stable and fade resistant. All metallic components experience 1000 hours of salt spray testing for rust/corrosion proofing.

With so many safety features incorporated as standard equipment on Land Rovers, accessories development has to make provision for these. For example, all protection bars are approved for correct air bag deployment and lamp guards are tested against light output legislation.

Testing is not limited to simulation alone, the vehicles and accessories are also sent to the hottest, coldest and most inhospitable places on the planet for extensive field trials. So, if you find yourself in an extreme condition rest assured that Land Rover and its range of accessories have already been there. It is important to note that the fitting of non-genuine protection bars may result in the failure of air bags to operate correctly.

This publication is intended for international usage and whilst Land Rover take the utmost care in ensuring that all details in the publication are correct at the time of going to press, we are constantly striving for improvement and therefore reserve the right to alter accessories and specifications without notice. Details of accessories and specifications are also subject to change to suit local market conditions and requirements, and not all products are available in every market. Please consult your Land Rover dealer who will be pleased to advise you on current accessories. Distributors and dealers are not agents of Land Rover and have absolutely no authority to bind Land Rover to any express or implied undertaking or representation.
