

DISCOVERY 3

ACCESSORIES

GO BEYOND

Discovery 3's groundbreaking design incorporates many practical features as standard. But because every owner enjoys their own unique lifestyle and pursuits, you'll find the range of specialised items in this brochure will help you bring even more style and added capability to your vehicle. So whether you're choosing accessories during vehicle purchase or adding equipment later on, everything you'll need is right here. We find accessories tend to be chosen to match a season or a type of travel. So to save you time, we've assembled four typical lifestyle choices that our experience tells us should cover most people's needs. Our Winter Sports, Summer Adventure, Touring and City-Style suggestions are an ideal starting point if you're spoilt for choice.

Introduction

Add the finishing touches to bring more style and added capability to your vehicle

Accessory selections

Winter Sports, Summer Adventure, Touring and City-Style Accessory Packs.
Covering most owners' needs they bring together items in four convenient lifestyle choices

Wheels

Bring a touch of even greater individuality

Exterior styling

Tailor Discovery 3's elegant lines to suit your own unique tastes

Reflections accessories

Add the personal touch with style

Carrying and towing

Sometimes even a Discovery 3 requires added capacity

The Land Rover G4 Challenge accessories

Specialist, premium quality equipment

Interior styling

Luxury, practicality and the latest technology

Sustainability

Winter Sports. Adding to Discovery 3's capability in the most treacherous and severe weather conditions is a specialist range of accessories.

These include a snow traction system, body side mouldings and a ski and snowboard carrier.

WINTER SPORTS ACCESSORIES SHOWN

- Body Coloured Door Handles
- Body Coloured Mirror Caps.

FURTHER SUMMER
ADVENTURE ACCESSORIES

- Electric Cool Bag
- Flexible Loadspace Protector
- Rubber Mat Set
- Waterproof Seat Covers
- Audio Connectivity System.

Just throw life at it

Summer Adventure. Make the most of the summer months, whether it's a family holiday to the coast or heading off for more extreme sport. In fact, the opportunities for adventure are almost limitless. Accessories shown are full length roof rails and crossbars, front and rear lamp guards and durable mudflaps, which give added protection to paintwork and reduce spray.

Touring. These accessories are intended to help enhance days out and travel off the beaten track. They include items such as a driving lamp kit,

side steps to improve access, an A-Frame protection bar, and a roof-mounted luggage carrier.

TOURING ACCESSORIES SHOWN

- 19 inch 6-Spoke Alloy Wheel
- Short Roof Rails and Crossbars
- Luggage Carrier
- Side Protection Tubes
- A-Frame Protection Bar
- Body Side Mouldings with Chrome Strip
- Chrome Mirror Caps.

FURTHER TOURING ACCESSORIES

- Electric Cool Bag
- Flexible Loadspace Protector
- Rubber Mat Set.

City-Style. Sometimes one of the most demanding places on earth is a city. A number of specialised accessories are designed to enhance

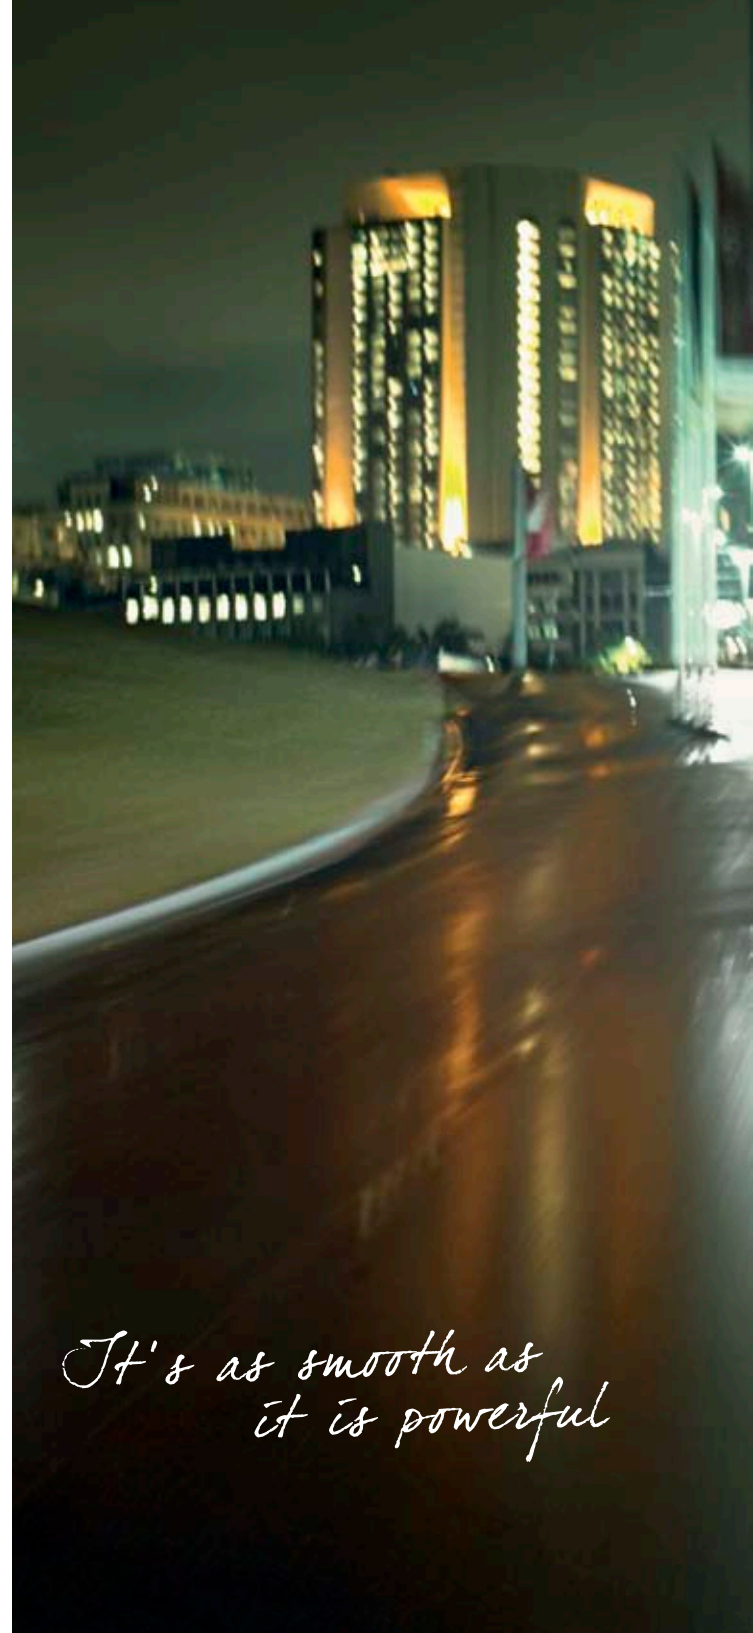

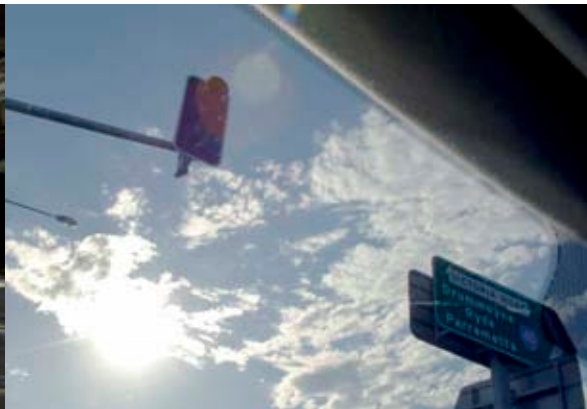

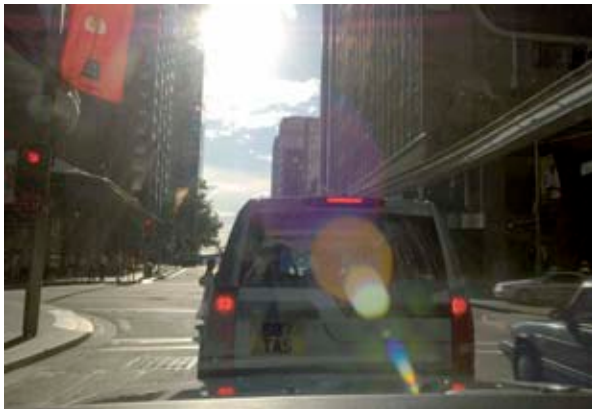

the City-Style driving experience. They include practical side steps, front and rear lamp guards for added protection against bumps and knocks, as well as alloy wheels for added style.

CITY-STYLE ACCESSORIES SHOWN

- 19 inch 6-Spoke Alloy Wheel Shadow Chrome Finish
- Body Coloured Wheel Arches
- Body Coloured Door Handles
- Body Coloured Mirror Caps
- Full Length Roof Rail Kit - Bright Finish
- Chrome Fender Vent - Satin Finish.
- BODY STYLING PACK
Body Coloured Deeper Front Bumper incorporating Contemporary Fog Lamp design and Stainless Steel Lower Panel, Front PDC Sensors and Power Wash
- Rear Bumper Undertray Moulding incorporating Twin Exhaust Finishers.

FURTHER CITY-STYLE ACCESSORIES

- Electric Cool Bag
- Flexible Loadspace Protector
- Rubber Mat Set.

*It's as smooth as
it is powerful*

Wheels. Make your Discovery 3 stand out with a smart set of alloy wheels. Choose from four striking designs, each tested to perform far

in excess of normal motoring conditions. And when you do encounter those extreme situations, we offer a snow traction system, and mudflaps to keep the bodywork clean.

Exterior styling. Exterior accessories for Discovery 3 combine rugged protection with stylish looks. The front bumper, grille and headlamp clusters can lead a punishing life if full use is made of Discovery 3's impressive all-terrain potential, which is why an A-Frame protection bar and lamp guards have been developed to cover these key areas. Doors and sills can find life tough too. Our custom-designed side steps, body side mouldings and protection tubes should help prevent stone chips, scuffs and scrapes, whether you're crossing the countryside or the car park.

*You don't even have to see the badge
to know it's a Land Rover*

BODY STYLING FEATURES

Our commitment to a sustainable future.

From the design of our vehicles and the way we build them, to the way we use them and where we use them.

At Land Rover, we are committed to addressing the challenges of sustainable development. Perhaps you'd care to join us?

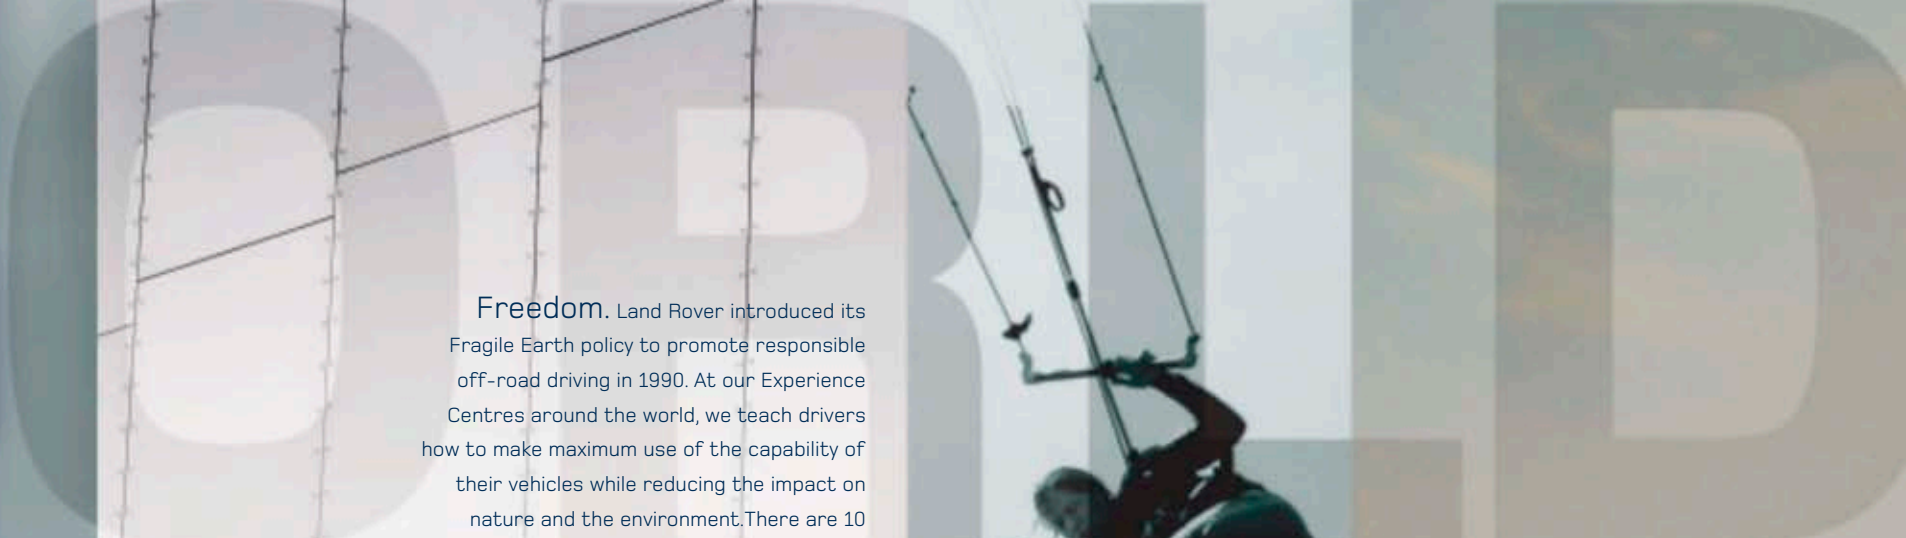

The future. We embrace environmental innovation. Land_e is a revolutionary concept, which incorporates an electric hybrid drive as well as other environmental technologies to deliver an integrated approach to sustainability. It sets out to reduce CO₂ emissions and fuel consumption while remaining faithful to the unique essence of Land Rover. These technologies will start to be available on Land Rover production models within the next few years.

Landrover.com/land_e

The environment.

Land Rover operates world-class manufacturing facilities, which operate to the highest environmental standards and which have been certified to ISO14001 since 1998. Our manufacturing facilities at Solihull and Halewood have reduced emissions by around 4 percent, year on year, over the last 5 years. And we're also offsetting all CO₂ produced from the manufacturing assembly of Land Rover vehicles at these plants. Partnered with a specialist organisation, Climate Care, to oversee this, our offset projects to date include a wind farm in China, a run-of-river hydro project in Tajikistan and a cooking stove initiative in Uganda.

Freedom. Land Rover introduced its Fragile Earth policy to promote responsible off-road driving in 1990. At our Experience Centres around the world, we teach drivers how to make maximum use of the capability of their vehicles while reducing the impact on nature and the environment. There are 10 Land Rover Experience Centres in the UK and another 30 worldwide. So come and find out more about getting optimal enjoyment from your Land Rover while also driving responsibly and respecting the environment.

Landroverexperience.com

One World. We're participating in the following global conservation projects: **Biosphere Expeditions**, promotes sustainable conservation of wildlife by involving the public, with scientists, across the globe on real hands-on wildlife research and conservation expeditions. **The Born Free Foundation**, the international wildlife charity. **The China Exploration and Research Society**, which works to protect fragile environments and endangered wildlife. **Earthwatch**, the international environmental charity working to conserve endangered species and habitats through scientific field research and education. **The Royal Geographical Society** and its backing for research, education and training as well as its endeavours to create a wider public understanding and enjoyment of geography. For more information about our approach to Sustainability, please see our Policy at the foot of our website.

Landrover.com

All Land Rover Approved Accessories fitted by a Land Rover Dealer within one month or 1,000 miles/1,600 kilometres (whichever occurs first) of the handover of a new vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation.

All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems.

This publication is intended for international usage and whilst Land Rover take the utmost care in ensuring that all details in the publication are correct at the time of going to press, we are constantly striving for improvement and therefore reserve the right to alter specifications and equipment without notice. Details of specifications and equipment are also subject to change to suit local market conditions and requirements, and not all products are available in every market. Some vehicles are shown with accessories or optional equipment fitted. These products vary from market to market, please consult your Land Rover Dealer who will be pleased to advise you on current specifications. Distributors and Dealers are not agents of Land Rover and have absolutely no authority to bind Land Rover to any express or implied undertaking or representation.
